Get a 10-cent box now.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

ant at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

No Vehicle Will be Allowed to Stand on Southerly Side of the Street Hereafter-Thirty Minute Limit Placed on Vehicles Standing on Northerly Side-New Granolithic or Asphalt Walks Proposed for Laurel Hill and Other Sections of the City.

I have been impressed by the dangerous condition of raffic very frequently in Bath seet, said His Honor, Mayer Ally L. Brown, just after the October Heeting of the court of common stouncil opened in the count. This street is narrow and is one of the most used thoroughtares of the city. If it's continued to allow vehicles to stand on both sides of the street a serious accident many be expected, especially in the event of fire apparatus responding to an alarm. I therefore recommend that an ordinance be adapted, amending the traffic ordinance, which will allow vehicles to stand on one side of this street only, and limiting parking on the other side. This should remedy the condition without seriously inconveniencing anyone.

About Barral Steeling.

About Barrel Steeling. I have already had a complaint this fall of the nulsance occasioned by boys who persist in stealing barrels. boys who persist in stealing barrels, presumably to be burned on Thanksgiving Day night. While this custom has existed for many years in Norwich, it not only shows an entire disregard of the property nights of othera, but also occasions a real nuisance in the spattering of the contents of the barrels so stolen upon the property of the owner and the
adjoining streets. The practice is not
only entirely contrary to law but is
in no way justifiable. I therefore take
this means of giving notice to the
public that the police have been instructed to use every means to apprehend boys engaged in this practice,
and every effort will be made to have
any apprehended severely punished.

again and informed Mr. Lerou that
the sign had not been kept illuminated
until 10 o'clock. Mr. Lerou told the
officer that he did not intend to illuminate the sign. Since that time he has nate that he did not intend to lituininate the sign. Since that time he has kept it illuminated on Wednesday and Saturday nights until 10 o'clock and he thought that was enough. He did not think he ought to be required to illuminate the sign every night in the

week.
Alderman Allen inquired if there is an ordinance affecting signs parallel to the building such as Mr. Lerou speke of. The mayor said that the sign was not parallel to the building as it is a right angle sign, with the flat side towards the building.

Contrary to Ordinance. Alderman Higgins said he thought

the city ought not discourage the merchants, especially at this time. Mayor Brown said that he did not intend to chants, discourage the merchants but that he is trying to keep the streets in good condition.

Councilman Arnold said that he fa-

No Police Patrol During Daytime. Councilman Carney inquired as to

ought to be ready for call either day or night. As it is now, he said, the police have to hunt up a litney driver when they want to carry a drunken man to headquarters. Mayer Prown informed the councilman that the chief of police had told him that an addi-tional man on the force would be necessary to provide a driver for the pa-trol in the day time.

Alderman Alar said that the po-lice department did not have money enough to pay the salary of another man on the force at the present time and that was the reason the patrol is not in use during the day. The police commissioners, he said, were anxious to have the patrol put to use during the day time and that it was their intention in making the purchase the barely better than chase to have the patrol used both day and night.

The council then adjourned to the evening of October 15th. At the ad-journed meeting it is expected that the report of the inspection of the firs fighting facilities and conditions in the city made recently by the National Underwriters will be taken up for
